**America Star Books Presents *Seeds of Words* by Almir Edson Ferreira Neves**

**Frederick, MD July 22, 2014** – America Star Books is proud to present *Seeds of Words* by Almir Edson Ferreira Neves from Araraquara - Estado – SP, Brazil.

This anthology presents a selection of Almir Neves' selected poems from the early 1980s through 2013. Mr. Neves believes in making words function as tools, and applying them to complete the structure of his poems. Poets have used such techniques throughout the ages. He dedicates his soul to the pursuit of inspiration and contemplation. He admires and appreciates the great poets, so verses are contoured to jump off the page in his own style. The conciseness of his contemporary textual form is sometimes provocative, but always restless. To feel inspiration in poetic language is his mission, and to deliver tasteful poems, to describe pain, to inspire contemplation, and to get lost in the confines of the soul and rummage, dream, love, harmonize or cry, and, to wonder.

America Star Books is the home of almost 50,000 authors. America Star Books is a traditional publishing company whose primary goal is to encourage and promote the works of new, previously undiscovered writers. Like mainstream publishers, America Star Books pays its authors royalties and makes its books available through all bookstores. America Star Books offers a distinctly personal, supportive alternative to vanity presses and less accessible publishers.
